Foreword

This directory is a result and product of the project “*Supporting European Citizenship and the European Dimension by Educating Editors of Adult Education Publications in Europe, and Developing Publications and Teaching Materials*” financed by the EU Socrates programme. The project started on November 1, 1995 and was completed on August 31, 1998.

The directory material was collected through a questionnaire sent to about one hundred (100) publications with a known address which could be categorized as adult education publications. As a result of the first mailing on June 25, 1997 we received approximately 30 replies. The other publications included in this directory sent their replies after the second round mailed on August 18, 1997.

I should like to thank the Socrates programme for its financial support, and the respondents for their trouble. Both have been essential for the publication of this directory.

Helsinki, August 1998
